# CELEBRATE, CELEBRATE, CELEBRATE YOUR WEDDING!

## *Beverly Johnson ~ Vocalist*

*Welcome!* As a wedding vocalist I sing for hire in wedding ceremonies, including “destination” weddings on land, sea, and as a former flight attendant, I’ll even sing for you in the air!

My specialty as a vocalist is in classical, jazz, secular, and contemporary love music suitable for wedding ceremonies and receptions. My vocal repertoire draws from opera, classical and musical theatre, as well as a number of contemporary favorites popular among couples, brides, families, and songs common to wedding vocalists and other entertainers.

From my experience as a classical singer and entertainer, I know how difficult it can be to navigate through the sea of wedding musicians to find the special performer that can help to set the “mood and ambiance” of your wedding. So, please relax, I’m here to help you!

**Available for “destination” weddings on land or at sea.**
